PLAN ESTIMATES

Have your own plans that you would like to get estimated? Our contractor will be glad to work with you on getting this project started.

The following items are **required** for plan submission:

- Scale drawn plans, blue prints, or study plans
- Copy of prequalification letter from lender showing amount of construction loan prequalification (or prequalify with our preferred lender)
- Copy of Deed for proposed construction property
- Copy of survey and flood certificate *if in a flood zone*

Name: _____

Property address/location _____

Phone #: _____ Alternate #: _____

Email: _____ Project Budget: \$_____

Estimated start date for project: _____

Email *all* required information to our contractor at estimates@rhinetta.com or, you can call/email to set up an appointment time to bring it to our sales office.

Once an estimate is given, you will then schedule a consult with the builder. A site evaluation will be done before an actual quote for contract will be given. Once the quote is given, you will need to apply for financing, get final approval and title opinion. When all financing paperwork is complete, the contractor will obtain building permit and begin construction.
